- Secretary's Report - **Science Alive!**

Eric thanked everyone that helped at the Science Alive! which was held in the Goyder Pavilion at the Adelaide Showground on August 6, 7 & 8<sup>th</sup>. We had a great time with many interested people asking lots of questions. Brochures for the EV Festival in November were given out. Edward displayed three modified gophers and for electric cars there was David and Rosemary's converted Hyundai Charade and also a Hyundai Getz modified by Blade Electric Vehicles, owned by Simon Hackett and loaned by John Lindsay. Thank you to these people for giving up there great little cars for the weekend.

It was reported that there were more than 40,000 people visit this event over the three days.

- Eric also mentioned the email update sheet for adding your email address or changing the same, on the side table.
- President's report: Edward read his report for this year, giving a rundown of what has happened during the year. This report is now on our website on the 'Documents' page.
- **AGM – Election of Officers.**  
There was only one nomination for each position. The group voted unanimously that the positions be filled as nominated.

**President/Chairman:** Edward Booth

**Vice-President/Vice-Chairman:** Dickson Beattie

**Secretary:** Eric Rodda

**Treasurer:** Mic Chapman

**Committee Member:** Blake Spearman

- Edward gave an update on the EV Festival/AGM. There is a possibility that we could be combining with "Sustainable Transport" on the 6<sup>th</sup> November for a larger expo with many benefits. (Milburn EV from Birdwood Motor Museum will be at the Expo - confirmed by Dickson)
- Zero Race - Team TREV update – Eric showed a short video of the start of the Zero Emissions Race in Geneva. The video showed TREV a few times.
- **Tonight's Guest Speaker: Edward Booth – What Car Do I Convert?**  
Edward gave another enlightening, informative talk enjoyed by all present. There was much interaction.
- Members EV Conversion reports... Marianne and Eric both gave updates to the progress of their EV conversions. Marianne's car is drivable and Eric's car is nearly to that point.
- Other business – Fully Charged videos – We watched Robert Llewellyn's video on the I-MiEV. He is certainly a great presenter.

- Question Time. There were a few questions from the floor with the appropriate answers.
- The next meeting of AEVA Adelaide to be on Wednesday 22<sup>nd</sup> September at 7:30pm (meal before in dining room from 6pm). We will be having a detailed report on TREV in the Zero Emissions Race at this next meeting.
- Meeting close: 9:15pm

Eric Rodda (Secretary)
