  - New members since last meeting: -
  - Visitors: -
- Edward mentioned the visitor \$4.00 donation.
- Secretary's Report:
  - ATA (Alternative Technology Association) at a cost of \$120.00 per year. This has now been paid and we are now a member.- The [www.ata.org.au](http://www.ata.org.au) website has a very nice library search facility. Our members can search for a particular article and then ask Eric to download the article/issue of "Renew" for them.
  - Eric reported on the "Moving City" BikeSA – Sustainable Transport - closed street event in Gouger St. This was a great opportunity to advertise the EV Expo.
  - The C31 TV interview with Eric went to air on November 3, 4 and 5.
  - The printing costs for "Science Alive" and "Moving City" were approved by the group.
- Bookkeeping software for the treasurer: Mike to investigate which would be the best software to use.

- EV Festival/AGM update – Edward gave an update on where we were at in regards to the EV Festival November 5 & 6. Edward also asked if anyone would be interested in attending a dinner after the EV Conference and AGM on Friday 5<sup>th</sup> Nov. A show of hands, 10 or 11?
- TREV/Zero Emissions Race Update – Dickson ran us through some slides he took on his journey through Europe and China.
- **Tonight's Subject: Motor Controllers – Eric Rodda**  
Eric gave a presentation which simply explained the working of a Pulse Width Modulation EV controller.
- Members EV Conversion reports...
  - Eric gave an update on the Holden Barina conversion. He has now passed through Regency Park inspection without problems.
  - Edward mentioned that he was about to install 160Ah LiFePO4 cells in his Subaru Sherpa and then drive it to Adelaide from Goolwa for the EV Festival.
- Other business – Fully Charged videos – Nissan LEAF  
This was held over due to lack of time.
- Question Time.
