We had to nominate 2 people to be appointed as National Councilors and one alternate (substitute).
These were selected by the members present:
1: Edward Booth
2: Eric Rodda
Alt: Chris Hickey
- Eric proposed that we, the AEVA Adelaide join/subscribe to the ATA (Alternative Technology Association) at a cost of \$120.00 per year. This entitles us to receive the RENEW magazine quarterly and back issues and articles via download and many other discounts as listed in the magazines plus meeting attendance at reduced cost. All financial members would have access to the website. There are many issues of RENEW containing articles about electric cars, especially

EV conversions.

This was discussed and then seconded by Fred Gold, all in favor.

Eric to organize membership and then be reimbursed from funds.

- A request for accommodation was put to the meeting:
“I'm going to be in Adelaide early to mid October, and was wondering if anyone had a room they wouldn't mind occupied for a week or two. The intent is to be there to sleep only, and I have no problems parting with a little money for rent. –Striker (Patrick Prins -Sydney).”
There were no takers and this was reported back to Patrick via the AEVA forums.
- Edward gave an update on the EV Festival planning.
Quote for printing costs for leaflets: A5:\$330.00, A4 \$480.00
Eric to organize bookings on line and notify members when this has been done. UPDATE: Bookings are now online and a message was sent to all members.
